

Knights Corona activity protocol

06-11-2021

General rules

This protocol is subservient to the Scala protocol and the regulations from the RIVM. In case of conflict those rules take precedence.

All members are required to stay at home if one of the following situations is applicable to them:

- They have one of the following symptoms: a cold, cough, a sore throat, runny nose, sneezing, trouble breathing, loss of smell and or taste, fever or an increased body temperature, that cannot be explained with allergies or otherwise.
- If a person in their household has a fever and/or trouble breathing in the last 24 hours.
- If they have been positively tested for the coronavirus up until one week after the last time they had symptoms.
- If a person in their household is positively tested on the coronavirus. After 10 days after the last contact with this person, while that person still had symptoms, they can come to Luna. The number of days may change, follow RIVM guidelines.
- If they have been instructed that they need to stay in self isolation.

Everybody will be required to wash hands when leaving their home and disinfect their hands before entering Luna. Disinfectant will be provided at the entrances and strategically placed around the building.

Keeping 1.5 meter is required at all times except when not possible because of the activity.

Wearing a facemask is required when moving around. It can be taken of when sitting in one place. The exception is when wearing a mask is not possible because of the activity. For the knights the only activity where it is not possible to wear a facemask while moving is Larp or any activity designated by the board. Type-II facemasks are encouraged. Reusable or non type-II disposable facemasks are discouraged but not prohibited.

Board members of Scala and all Scala associations may send Knights members home when they violate the rules from this document.

Activities

The knights are open again for all activities as well as roleplay sessions. To better regulate this if members want to organise an activity they are requested to contact the board so we can schedule it and make sure there is enough capacity.

Joining activities

There is no registration required. A valid qr-code is required. This will be controlled using wristbands which can be received either at Hubble or from the Board. Wearing a facemask is mandatory when moving. Preference is given to type-II facemasks.

Covid-responsibility

Every activity needs to have a covid responsible person. This is the main person responsible for maintaining the rules and checking entry. For roleplay sessions this will be the GM. For all other activities this will either a board member or someone else as described in the appendix

Presence in Luna outside of activities

From 9:00 to 22:00 Knights members are allowed to be present in Luna as long as they pass a coronacheck and follow the rules. From 17:00 till 2:00 members are allowed to be in luna only in conjunction with a (planned) activity. Once the activity has been completed they have to leave immediately and may not stick around.

Appendix: Order of covid-responsibility

Go down the list until someone is present. That person is covid-responsible. Covid responsibility may always be voluntarily transferred to someone if announced at the activity.

Sessions:

1. The GM,
2. The Organiser (for gm-less systems)
3. The Oldest participant present

Other activities

1. The Chairman of the Knights.
2. The Secretary of the Knights.
3. The Treasurer of the Knights.
4. Any other board members in order of age.
5. Activity organiser in order of age.
6. (for rpg activities) The members of the committee "Robijnen Papyrusmeesters" (RP) in order of chairman, secretary, treasurer, general member in order of age.
7. (For tabletop activities) The members of the committee "Bamboo Generals" (BG) in order of chairman, secretary, treasurer, general member in order of age.
8. The oldest participant present.
